

FCC Commissioners  
The Federal Communications Commission RE: Docket 04-435  
445 12th Street, SW  
Washington, DC 20554

Dear FCC Commissioners ,

I am writing to voice my concerns about the FCC's proposal to relax the restrictions on the use of cell phones on airplanes in flight.

I believe that this would be not only a safety issue but very annoying to the passengers who do not wish to talk on their cells while flying. There is enough time to contact people prior to flying. There would probably be more than 50% of the passengers on their phones for the whole flight. Which, for someone trying to read the newspaper, read a book, enjoy a nice day or just catch a catnap, would find this very aggravating. Please leave the current rules in effect.

Sincerely,
